PRODUTOS DE ALMA ARTESANAL EM ESCALA INDUSTRIAL

No Brasil, a Santa Luzia Redes e Decoração é referência entre as empresas têxteis que trabalham com foco em sustentabilidade. Há 33 anos a empresa produz artigos de decoração com matéria-prima ecológica em teares artesanais e mecânicos. A tecelagem localizada no Nordeste, na cidade de São Bento, na Paraíba, fabrica redes, mantas, xales, cortinas, almofadas, tapetes, jogos americanos entre outros produtos com algodão colorido natural orgânico certificado e também com fios de algodão reciclado e reconfigurados com PET (garrafas de refrigerantes e água).

A mão de obra, composta de profissionais especializados, capricha nos detalhes artesanais. São várias técnicas dentro da tipologia têxtil executadas à mão, em sua maioria, por mulheres.

Com foco orientado para desenvolver produtos éticos e limpos, a Santa Luzia Redes e Decoração possui quatro lojas próprias, representantes e lojistas nacionais e internacionais para atender consumidores exigentes e alinhados aos valores da marca.

SOUL'S CRAFT PRODUCTS ON AN INDUSTRIAL SCALE

In Brazil, the Santa Luzia Hammocks and Decoration is a reference among textile companies that work with a focus on sustainability. For 33 years the company has been producing decorative articles with ecological raw material in handcrafted and mechanical looms. Weaving located in the Northeast, in the city of São Bento, Paraíba, manufactures hammocks, blankets, shawls, curtains, cushions, rugs, American sets among other products with certified organic natural colored cotton and also with recycled cotton yarns reconfigured with PET (bottles of soft drinks and water).

The workforce composed of specialized professionals; work hard in the details artisanal. There are several techniques within the textile typology executed by hand, mostly by women.

Focused on developing ethical and clean products, Santa Luzia Hammocks and Decoration has four own stores, representatives and national and international shopkeepers to serve consumers who are demanding and in line with brand values.

PREMIUM

Desenvolvida em cadeia produtiva sustentável, a linha Premium é resultado do diálogo entre o design e o artesanato local. Na mediação, o design insere soluções para que o produto envolva técnicas manuais complexas com produtividade para atender a demanda do mercado.

Na linha Premium, a ênfase é explorar as possibilidades de desenvolvimento de produtos onde a estética tenha como essência a inserção do trabalho manual. As peças incluem técnicas sofisticadas como o macramê e o ponto festonê, além do crochê e do trançado. Há também a prática do patchwork para aproveitamento de tecidos residuais da fábrica têxtil.

Para atender ao mercado de decoração ética e sustentável, ao criar um novo produto, a Santa Luzia Redes e Decoração contempla a questão cultural, a partir do fomento ao plantio do algodão; promove a preservação dos saberes, inserindo o artesanato; e investe em inovação, por meio do design.

PREMIUM

Developed in a sustainable production chain, the Premium Line is the result of a dialogue between design and local crafts. In mediation, design inserts solutions so that the product involves complex manual techniques with productivity to meet market demand.

In the Premium line, the emphasis is on exploring the possibilities of product development where aesthetics is essentially the insertion of manual work. The pieces include sophisticated techniques such as macramé and "festonê' stitch, as well as crochet and tressed stitch. There is also the practice of patchwork to use residual material of fabrics from the textile factory.

To serve the ethical and sustainable decoration market, when creating a new product, The Santa Luzia Hammocks and Decoration contemplates the cultural issue, from the promotion of cotton planting; promotes the preservation of knowledge, including handicrafts; and invests in innovation, through design way.

1

Parede de tijolo maciço
É possível usar gancho de fixação com parafusos.

Solid brick wall
It's possible to use hook of fixing with screws.

2

Distância ideal entre os ganchos
Se houver espaço 3m para uma rede padrão de 4m , senão posicione os ganchos de modo que a rede pendurada fique pelo menos 40cm distante do chão.

Ideal distance Between hooks
If there is 3m space for a standard hammock of 4m, otherwise position the hooks so the hammock hanging stay at least 40cm away from the floor.

3

O Gancho
O ideal é instala- lo a 1,90m do chão, em espaços pequenos , o gancho deverá ficar mais baixo. (use o redutor para não deformar as cordas)

The hook
The ideal is to install it 1.90m from the ground in spaces small, the hook should get lower. (use the gear unit not to deform the strings)

4

Parede de bloco
Como o bloco é oco, é preciso ajuda de ganchos que são fixos na alvenaria – os do parafuso não servem. O bloco deve ser preenchido com cimento para depois o gancho ser fixado na parde. Aguarde 24h para pendurar a rede.

Block wall
Since the block is hollow, you need help of hooks that are fixed in the masonry - those of screw do not fit. The block must be filled with cement for after hook be fixed to the wall. Wait 24h to hang the network.
